

**Remarks**

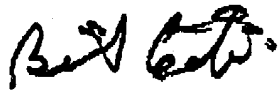

Applicant has amended the application as per Examiner's suggestions.

Applicant has taken the claims as initially presented in the original RCE with their underlining and strikethroughs and has added the strikethroughs and underlining of the current amendments so that it reflects the changes from the original RCE submission all the way to the Examiner's suggested amendments of the 12/19/2006 Office Action.

Claims 6-8 are now listed as canceled.

Hoping that this application can now be placed in allowable condition as soon as possible and without the need for further proceedings.

Very Respectfully,

A handwritten signature in black ink, appearing to read "Benoit Côté". The signature is written in a cursive, somewhat stylized font.
